NAME:

1 thing
made of
plastic

NAME:

1 thing
made of metal

NAME:

1 thing
that belongs
in the bio bin

NAME:

3 things
we must not
throw into
the water

NAME:

2 things
that belong
in the bio bin

NAME:

3 animals
that live
in water

NAME:

2 things
that make
the planet
happy

NAME:

2 ways
we can save
electricity

NAME:

1 thing
made of
wood

NAME:

2 pieces of paper waste

NAME:

2 things that make the planet sad

NAME:

3 ways we can save water

NAME:

3 things that carry us and have wheels

NAME:

2 things we can use more than once

NAME:

3 types of waste made in the kitchen while cooking

NAME:

1 thing we can repair instead of throwing away

NAME:

2 things that carry us and do not have wheels

NAME:

3 things we can put into the composter

NAME:

1 animal that lives in a composter

NAME:

3 things we can buy second-hand

NAME:

1 example of glass waste

NAME:

3 things that belong in the mixed waste bin

NAME:

3 things that don't belong in plastic waste bin

NAME:

3 animals that live in the garden

Move forward by as many spaces as there are earthworms in the composter

Move one space ahead of the player in front of you

Jump to the nearest yellow space

Move backward by as many spaces as there are benches on the game board

Move backward by as many spaces as there are watermelon peels in the landfill

Move one space behind the player following you

Jump to the nearest pink space

Move forward by as many spaces as there are conifer trees on the game board

Move to the space in front of the player in 1st place

Move forward 3 spaces

Move forward by as many spaces as there are recycling bins on the game board

Roll the die as many times as there are birdhouses in the trees

Roll the die again

Pick another card of any colour

Move forward by as many spaces as there are train carriages on the train

Move forward by as many spaces as there are yellow flower pots on the house

Miss one turn

Jump to the nearest red space

Move forward by as many spaces as there are shopping carts in front of the supermarket

Move backward by as many spaces as there are apples on the left branch of the tree

Miss one turn

Jump to the nearest green space

Move backward by as many spaces as there are banana peels in the landfill

All players move forward by one space

IMITATE:

How a worm wiggles

IMITATE:

How a bee flies

IMITATE:

How the wind blows

IMITATE:

How a frog jumps

IMITATE:

How a dog barks and jumps

IMITATE:

How you get out of bed in the morning

IMITATE:

How a bunny jumps

IMITATE:

How you walk backwards

IMITATE:

How you ride a bicycle

IMITATE:

How the rain falls

IMITATE:

How you swim

IMITATE:

How a little bird flies

IMITATE:

How you hop 6 times on one foot

IMITATE:

How a fish swims

IMITATE:

How you plant a tree

IMITATE:

How you water the garden with a watering can

IMITATE:

How a train moves

IMITATE:

How a kitten drinks from a bowl

IMITATE:

How a sloth moves

IMITATE:

How a mole digs

IMITATE:

How a butterfly flies

IMITATE:

How you pick cherries

IMITATE:

How you jump with joy

IMITATE:

How an octopus moves

IS THE PLANET HAPPY OR SAD?

We do not sort waste into recycling bins

IS THE PLANET HAPPY OR SAD?

We waste water

IS THE PLANET HAPPY OR SAD?

We throw things into the wrong bin

IS THE PLANET HAPPY OR SAD?

We sort waste into recycling bins

IS THE PLANET HAPPY OR SAD?

We throw rubbish in the forest

IS THE PLANET HAPPY OR SAD?

We save electricity

IS THE PLANET HAPPY OR SAD?

We plant trees and flowers

IS THE PLANET HAPPY OR SAD?

We collect rubbish in the forest

IS THE PLANET HAPPY OR SAD?

We waste electricity

IS THE PLANET HAPPY OR SAD?

We cut down forests

IS THE PLANET HAPPY OR SAD?

We produce a lot of waste

IS THE PLANET HAPPY OR SAD?

We save paper

IS THE PLANET HAPPY OR SAD?

We compost

IS THE PLANET HAPPY OR SAD?

We try to produce less waste

IS THE PLANET HAPPY OR SAD?

We save water

IS THE PLANET HAPPY OR SAD?

We repair broken things
